

Quality Policy Statement

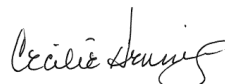

Omni Valve's quality management system uses API and ISO standards, to ensure delivery of the highest quality products to its customers.

Omni is committed to:

- *Delivering the best possible products and services to our customers*
- *Providing service that ensures customer satisfaction*
- *Promoting an environment where safety is the top priority*
- *Educating employees through training*
- *Preventing nonconformity during production*
- *Continuous improvement through annual review of the quality system*
- *Complying with API, ISO, and other industry codes, standards and requirements*
- *Creating value for all company stakeholders*
